THE STATE OF WISCONSIN.

Thanksgiving Proclamation.

BY THE GOVERNOR.

In harmony with the praiseworthy custom of expressing gratitude for the blessings vouchsafed during the year past, and in conformity with the proclamation of the president of the United States, I, Jeremiah M. Rusk, governor of the state of Wisconsin, do hereby designate and appoint THURSDAY, the 22nd DAY of November, instant, as a day of general thanksgiving. And I do recommend that the people of the state lay aside their usual avocations on that day, and in their accustomed manner give thanks to an All-Wise Providence for the numerous bounties enjoyed during the year, and ask the continuance of prosperity to the state and happiness in the homes of all the people.

In testimony whereof, I have caused to be set my hand and caused the Great Seal of the state of Wisconsin to be affixed.

Done at the city of Madison, (GIVEN UNDER SEAL) this seventh day of November, in the year of our Lord, one thousand eight hundred and eighty-three.

By the Governor: J. M. RUSK.
By the Secretary: ERNEST G. TYMME, Secretary of State.

The Chicago Journal thinks that Mr. Randall will not stand a good chance for the speakership because he is detained at home by an attack of the gout. The Journal may be wrong. Who knows but that the gout may work as advantageously to Mr. Randall as the malaria did to Judge Hooley. Diseases sometimes take queer turns.

Unfortunate Oshkosh has again been visited by a conflagration which swept away \$150,000 worth of lumber and buildings. Oshkosh is famous for fires. It has them frequently, and when they make a visitation they come with terrible results. That city has a great deal of food for the flames. Saw-wood and lumber are its chief products and when a fire breaks out it is not stayed till it devours acres of property.

It is reported that ex-Congressman George C. Hazelton, of the Third District will quit Boscello as a place of residence and settle at Atkin, Minnesota. It is this report be true it will cause a good deal of regret among men of both political parties in Wisconsin. Hazelton is a lively politician and a rollicking good fellow, and has a wide circle of personal friends in this and other states. It is said that he has large lumber interests at Atkin which will claim much of his attention.

Dio Lewis has established a monthly magazine in the interest of physical and mental health, of which he has so many years been an active apostle. No. 4 of the first volume, for November, is now before us, and is equal in size to the Century, with large, readable type, and the breeziest kind of reading matter pertaining to the subjects above mentioned as well as to the special welfare of women. Lillie Doreneaux Blake, Dr. Lucy M. Hall and Rev. Dr. Hopkins of the Auburn theological seminary, are among the best known of the contributors. It is published by Frank Seaman, 69-71, Bible house, New York city.

There is hardly a native of any country on the face of the earth but that could become a citizen of the United States if he so desired, but a native of China. Ah Yon, a Chinaman of New York, who has been a resident of this country five years is a Christian and a teacher in a Sunday school in Trinity parish, asked to be naturalized and applied for his first papers. He was willing to renounce all allegiance to Kwong Shu, but the judge of the United States district court decided that Ah Yon could not become a citizen of this country as an act of congress stood in the way. To a Chinaman there is a good deal of nonsense in the declaration of independence.

Some of the Illinois papers are making an effort to push General Logan for the presidency for the alleged reason that he would poll the solid vote of the soldiers. General Logan is a good man and would make a reasonably strong candidate, but he is not the strongest man the republicans could place in nomination. We take it that the good sense and the sterling patriotism of the soldiers would lead them to vote for any good republican or president whether he had been in the army or not. The soldiers do not, or ought not, to demand a candidate who has fought in the late war regardless of other circumstances. It may not be best thing next year to nominate a soldier. New York must be carried or nineteen chances out of twenty, the republicans will fail to elect their candidate. The man, provided he is thoroughly worthy and competent who has the strongest hold on New York, should be the candidate, and the question as to whether he was in the war or not, should not prevent his nomination. If President Arthur is that man, let him be the choice of the party, and the republican soldier vote will be solid for him.

THE CAPITOL EXTENSION ACCIDENT.

The experts who were called from Cincinnati, Chicago, and St. Paul, to examine into the cause of the falling of the capitol extension at Madison, have made a thorough examination of the plans and specifications, and the material used in the construction of the building, and have submitted their report to the building commission, of which Governor Rusk is chairman. After giving a description of the south wing and its construction, the experts say:

The disaster occurred on account of the weakness of the second story columns or of the masonry supports beneath them, or of both combined and we will therefore confine our remarks to these points.

We estimate the load of a second story column where it rests on the masonry below at 90 (short) tons when the building would be finished and loaded with ordinary weights it would have to carry. With regard to the drawings and specifications, the specifications say, "the ends of all columns must be turned smooth and to have cast plates at both ends, plates to be the same size as base and cap." The base and cap was about ten inches in diameter. We found the plates to be one foot square resting directly on the brick, or rubber stone masonry, without any cap stone on the masonry. In other words, an estimated load of 100 tons was brought on one foot square of ordinary masonry, which masonry was in most instances of brick, though the brick pillar or pier itself was two feet square. We regard the brick pillar two feet square as smaller and weaker than it should have been, and the fact that the cast iron plate was but one foot square, and, therefore, did not cover the whole top of the pillar, and had no cap stone below it, as a grave mistake. The weight borne by the column was concentrated on the masonry area of masonry, the top of which perhaps crushed more or less under the plate.

The experts further say that the masonry was fair, ordinary work, calling for neither praise nor blame. Since this report was made the capitol commissioners have decided to stop work altogether on the capitol. The debris will be cleaned away and the standing walls protected so that no further damage will be done to life and property. The commissioners have further decided not to go on with the work on the extension for the present. It is suggested that considerable change will be made in the plans before any more work is done so that no more accidents can possibly occur.

FIENDS AT WORK.

An Old Farmer Near Denver Horribly Tortured by Thieves.

His Feet Roasted to Make Him Give Up His Money—Two Men Killed at a North Carolina Wedding.

DENVER, Col., Nov. 15.—At Peterburg Grove, seven miles from this city, resides an old bachelor farmer named Peter Olsen, who usually kept small sums of money scattered about his premises. Four disguised men went to the house and knocked. The farmer asked the visitors to come in. As soon as all were inside they seized Olsen, threw him on the floor and demanded to know where his money was. He replied that he had none. After thoroughly searching the house, they found a small sum of money, and then they set to work to torture Olsen. They roasted his feet with a red-hot iron, and whipped him with a rawhide whip. Olsen still refused to give up his money, and they threatened to burn him alive. They placed his feet in the fire, and literally roasted them. Olsen was so badly tortured that he finally gave up his money, and the thieves fled with it. Olsen was left in a state of shock, and his condition was so bad that he was taken to a hospital. The thieves were later caught and are now in prison.

Wedding Festivities.

NEWBERRY, N. C., Nov. 15.—A fatal fight occurred at wedding in Carrick, Hyde county, this state. Charles Crooke, a prosperous young cotton planter, was married to one of the belles of the county. The occasion was expected to be a joyous one. The young people invited their friends from all the country-side to be present and witness the nuptials. The bride was attended in the most fashionable style, and the groom looked like a generous fust prepared by the bride's parents. Some of the young men indulged rather too freely of wine, and some misunderstanding took place about the dances which was followed by a quarrel. The quarrel resulted in a fight. Pistols were drawn and several shots were fired. Charles Crooke, the groom's best man, was killed, and Thomas Sidon, another of the groomsmen, received a wound which will prove mortal. It is believed the fight did not last one minute, but during that time half a dozen shots were fired and the room cleared of the wedding party. The wounded man was tenderly cared for by the young men present, who set up all night and watched over him. The dead body of young Crooke was removed to an upper room in the house until an investigation could be had by the authorities.

Drank His Whisky Too Strong.

CLEVELAND, Ohio, Nov. 15.—Sunday evening John Wolff, aged 44 years, a laborer, made a wager in a drinking-saloon on Canal street, that he could drink fifteen drinks of whisky in fifteen minutes. He performed the feat and then went home. Shortly after he was seized with a violent fit of sneezing. His chest began swelling and his lips became swollen and paralyzed, and he died in agony. He leaves a wife and five small children.

Garrotted at Midday.

NEW YORK, Nov. 15.—John Lyon, of Albany, while walking down Centre street at high noon and while opposite the tomb, was seized by two men, and after a severe struggle was garrotted and robbed of his money, \$30. The police gave chase and succeeded in capturing John McCarthy, one of the robbers, but the other escaped. The penalty for the offense is twenty years imprisonment.

Indicted for Manslaughter.

BATAVIA, N. Y., Nov. 15.—The grand jury indicted E. N. Rowell, who shot his wife's paramour on October 30, for manslaughter. He killed Johnson L. Lynch, the Union lawyer, whose uncle, Arthur B. Johnson, committed suicide a few days afterward.

Result of One Kind of "Fun."

ENK, Pa., Nov. 15.—On the fourth of July last, Albert Kuhn, his brother, Frank, and four other young men who had been drinking, boarded a street car, and amused themselves by emptying their pistols at the houses as they passed. One bullet struck Miss Rosa Steiner, who had just emerged from her residence, piercing her heart and killing her instantly. Albert Kuhn was arrested for the murder, and Frank Kuhn was held to answer for the same. The other two young men were released. During the trial that has just closed an effort was made to show that it was Frank who did the shooting, and that he committed suicide from remorse. The evidence against Albert was, however, too conclusive, and the jury, after deliberating all night, brought in a verdict of manslaughter. The sentence was deferred.

HERE'S YOUR LIGHTNING.

The Bay Gelding Frank, With Running Mate, Smashes the Record.

And Does the Mile in the Lightning Time of 2:08 1/2. With a Frozen Track—A Future Possibilities.

NEW YORK, Nov. 15.—A great trotting match took place on the Prospect park fair grounds in Brooklyn between the well known trotting horse and mare James Golding's (of Boston) H. B. Winship, and Johnnie Murphy's Frank. The race was for a purse of \$2,000, but a well known sporting man of Long Island had further augmented the amount by declaring that he would give an extra purse of \$500, if the record of 2:10 1/2 was broken, and as the event showed the amount was placed to the credit of the winner, Frank and mate winning in the phenomenal time of 2:08 1/2, as declared by the judges, although some of the well known sports in the crowd said 2:08. There were only two heats, and Frank and mate winning both in the short time of 2:08 1/2 and 2:10 1/2. The former time being the fastest ever trotted on any race course.

All sorts of contrivances have of late been tried to get inside of Maud S.'s wonderful trotting record of 2:10 1/2, made at Rochester August 11, 1881. This achievement was made by the aid of a running horse, but the sportsmen are undoubtedly due to the mare's wonderful trotting powers rather than any help she got from her companion. Some people think that her 2:10 1/2 was at Pittsburgh nearly a month previously in the better performance, but that is a matter of opinion. The lower figures, however, form the real trotting record of this country.

Only two teams entered for this latter event. They were, John Murphy's bay gelding, Frank, and running mate, Gonny, and James Golding's H. B. Winship, and running mate, David Bounce, Boylan, and Sterns, so that there can be no doubt that the time is perfectly correct, and many reliable outside time-keepers made the time 2:08 1/2.

The only fault to be found with the management is in the failure to take the time on a quarter-mile time, which would have been invaluable to those who delight in analysis. A gentleman who has timed all sorts of races gives the following figures, which, while being undoubtedly nearly correct, cannot form a record: First quarter, 32 1/2 sec.; second quarter, 32 1/2 sec.; third quarter, 32 1/2 sec.; and last quarter, 32 1/2 sec. It is quite possible that the gentleman who brought the official capacity had neglected to bring split-second second watches, never dreaming that a record would be made on a track which is notoriously slow, and which was frozen in the bargain. When it is taken into account the time of the year and the adverse circumstances under which Frank 2:08 1/2 was made, the results seem little short of marvelous.

It is more than probable that a mile in 2:05 can be shown by this horse when everything is favorable. What makes the record all the more startling is that the second heat was done in 2:10 1/2 by Winship. What sort of time the other heats would have produced, is a matter of conjecture. The first heat saw an excellent start, Winship almost immediately going to the front, and showed a lengths lead at the first quarter. Between here and the half, Frank was taken up several times but dropped back again. Between here and the three-quarter pole Murphy set his animal going in dead earnest. Once fairly on the home stretch Frank came up very rapidly, but Winship hung to him, and the pair went under the wire separated by half a length only, scoring the fastest time on record.

Second heat—Winship had the best of the start and led by half a length at the quarter, was fully three lengths to the lead at the half mile post. Between here and the 3/4 post, he made up two of the lost lengths. Frank broke badly, getting defeated by a length in the last time of 2:10 1/2. The darkness having set in, the deciding heats were postponed.

Exports of Breadstuffs.

WASHINGTON CITY, Nov. 15.—The value of exports of breadstuffs during October, 1883, was \$14,631,230, against \$15,392,682 in October, 1882, and during the ten months ended October 31 the value of breadstuffs exports was \$145,082,034, against \$150,303,681 during the corresponding ten months of the preceding year.

Premature Explosion.

QUINCY, Mass., Nov. 15.—Stanley Tibbets, James Morrison, and John Lee were badly burned while boring out an old quarry in the Churchhill & Hilditch quarry. Morrison had just laid out the drill and the other two were standing by, having had the drill in his hands at the time.

Funer of a Naval Officer.

MORRISTOWN, N. J., Nov. 15.—The funeral of Rear-Admiral J. B. B. B. took place at the residence of the admiral in the city. Among the pall bearers were Surgeon-General Cuyler and Gen. Fitz John Porter.

Stoeker Mooted Again.

LONDON, Nov. 15.—Memorial hall was completely filled with the audience being almost entirely Socialists. Dr. Stoeker attempted to lecture, but was booed, hissed and ridiculed so persistently that he was obliged to leave the hall.

American Bishops in Rome.

ROME, Nov. 15.—The American bishops in session here have advised the appointment of a papal nuncio to America, and that the office be made permanent. The pope has informed them that he will consider the proposition.

Colored Folks' Fair.

RALPH, N. C., Nov. 15.—Gov. Garvis and Senator Vance delivered the addresses at the opening of the fifth annual colored people's fair in the presence of the largest attendance ever had. The display is regarded as very fine.

Five Lot of Prisoners and Witnesses.

VIENNA, Nov. 15.—One hundred and eleven prisoners are awaiting trial for participation in the anti-Jewish riots in Hungary. The witnesses in the approaching trials will number about 14,000.

Western Land Frauds.

WASHINGTON CITY, Nov. 15.—Since November the general land office has held for cancellation on the ground of fraud 103 homestead and pre-emption entries, nearly all of them located in the west.

Has No Idea of Resigning.

WASHINGTON CITY, Nov. 15.—Second Assistant Postmaster General Elmer returned from New York. He contradicts the widely published story that he had resigned or contemplated doing so.

SOME RAILWAY NOTES.

The Iowa Pool—Passenger Tickets "Turned to the Wall."

NEW YORK, Nov. 15.—There is still talk of trouble in the Iowa pool, says The Evening Post, "but it is not generally believed there will be any serious complications. The officers of the Union Pacific Railway company state that the decrease in the gross earnings during September and October will not be greater than \$200,000, as compared with the same months last year. At the same rate of operating expenses as last year—47 per cent.—this would imply a decrease, probably, of \$125,000 in the net earnings of the two months. But it is well understood that there has been some cutting of rates by competition with the Denver & Rio Grande, and also that the Union Pacific company has been building and operating a considerable new mileage of branch lines not completed yet. These two items may have increased the proportion of the operating expenses to what they were in 1881—viz., 51.44 per cent., and if this was the case during the two months, the decrease of the gross earnings and the increase of the operating expenses together would make an approximate decrease, say, of \$250,000 on the net earnings of the two months."

The order of Trunk-Line Commissioner Fink, calling upon the various railroads to stop the sale of first and second class tickets to points west of Chicago that had been issued by some of the northwestern railroads, has gone into effect, and that nearly all the offices in Iowa these tickets were turned to the wall. The order that led to the issuance of the order is understood to have been the extent to which the "scalping" business was being carried on, and high commissions being paid agents by western roads. The move is made, it is said, in the hope of compelling these roads to co-operate with the pool.

DEPENDENT MOTHERS.

Secretary Teller Makes a Decision Concerning Their Penalties.

WASHINGTON CITY, Nov. 15.—Secretary Teller has rendered an important decision respecting the proper construction of the section of the revised statutes concerning pensions to dependent mothers. The secretary refers to the recognized moral obligation, among all civilized people, that a son should support his dependent parents and holds that while there is no statutory provision requiring such support, still it may be accepted as an established fact in the adjudication of these cases, that the loss of a son has deprived the parent of the support of that son in the days of their dependence. The statute governing the settlement of pensions for dependent mothers, must be construed so as to include all persons that from all the circumstances and words of the statute, the legislative mind must have included at the time of its passage. "Heretofore various points concerning proof to be required that the son contributed to the support of the mother, and says it would be unjust for a mother to receive a pension if she would not be dependent upon the son if living, and equally unjust to deprive the mother of the aid she would have received if her son had lived, if the son was a minor the father was entitled to his services, or if not living the mother was so entitled, and therefore the dependent father or mother should be allowed a pension."

The effect of this decision in the opinion of pension officials, will be to increase the amount paid pensioners \$500,000 or perhaps \$1,000,000 annually.

Called for Higher Wages.

AND Got Them—New York Composers' Demands.

NEW YORK, Nov. 15.—Under directions from the Typographical union, No. 6, a committee of composers visited all the morning papers except The Sun and Herald, and requested the scale to be raised to 10 cents per line, and to be paid to the composer, not to the compositor. The composers met with a cold reception at The Tribune office and without obtaining any satisfaction. Ten men, members of the union, however, left their cases in the office. Better success was met with at The World office, which was next visited. The demands of the men were at once conceded. At the offices of The Times and Truth there was the difficulty, but at The Star and Journal the men quit work in a body. Later in the evening both papers conceded the demands made and the men returned to work. Mr. O'Donnell, president of the union, said at midnight that with the exception of The Tribune the result of the movement had been an entire success, that twenty men in all, had left that office, and he believed the paper would give all that was asked. It is expected that a demand for an increase of 5 cents per thousand ems will be made on the evening papers.

Want No French Innovations.

NEW YORK, Nov. 15.—Several gentlemen assembled at 127 East Twenty-third street for the purpose of organizing a society for the retention of the Anglo-Saxon system of weights and measures. The organization will cover New York and New Jersey, and will be a branch of the International Institute for preserving and perfecting Anglo-Saxon weights and measures, whose headquarters are in Boston. Another branch is at Cleveland, Ohio. Mr. Charles Latham, of Cleveland, is the organizer and president of the New York branch. He advocates the retention of our present system in opposition to that of France or the metric system. "The Anglo-Saxon standards," he said, "must become eventually the standards of the world."

Seven Men Drowned.

BUFFALO, Nov. 15.—Attempts to discover the cause of the vessel going ashore on Long point at noon have failed so far. She is a two-masted, of about fifteen thousand bushels capacity. Immediately on striking, the crew, seven or eight in number, launched the yawl and made for the shore. The yawl was swamped and the men were all drowned. The life-saving crew from Port Rowan was about to set out to the vessel, but on seeing all hands drowned gave up the attempt.

Reject the offer.

by a dealer of any article claimed to possess properties identical with or similar to that of the famous Serravallo. Only purchase the real Simon Pure, which defies both imitation and competition. Nothing can vie with it in efficacy, as a donor of dental health and beauty, notwithstanding any representation to the contrary. It causes the teeth to gleam like unbrushed ivory, contains no hurtful ingredients, and has a most grateful flavor and smell.

RIPLEY & DUTTON.

Jan 1884

W. W. Hall, M. D., the editor of the

Journal of Health, published in New York, and a recognized authority on medical subjects, has the following to say of medicines used for coughs:

"The remedies for coughs, colds and consumption are innumerable, the combinations of ingredients are infinite; but if the reader is observant, he will find that one in a hundred will there be, which does not contain Opium in the form of Paregoric, Laudanum or Morphia; producing every year water on the brain in multitudes of children and apoplexies, or ruinous results to the digestive organs of adults. Intelligent druggists know that all medicines sold for coughs, colds, consumption, and tickling in the throat, contain Opium in some form or other. They represent the cough, but do not eradicate it; hence the first purchase paves the way for a second or third."

We give our positive guarantee that COLLIN'S CHERRY COUGH CURE contains no Chloroform, Tartar Emetic, preparations of Opium, or other Narcotic, and may be administered to children with perfect safety. Unlike the Opium Cough Medicines generally sold, which lend but momentary relief at the expense of enfeebling the patient, it is a remedy that does not dry up a cough and leave the disease behind it, but strikes directly at the cause; carries off the phlegm accumulated in the Lungs and Throat, and heals them. For sale by PRENTISS & EVANSON, Druggists; opposite Post Office, Janesville.

POISON!

third, and as it is the essential nature of Opium to close up, to deaden the sensibilities—constipation is induced, and becomes the immediate cause of three-fourths of all ordinary ailments, such as headache, neuralgia, dyspepsia and piles."

We give our positive guarantee that COLLIN'S CHERRY COUGH CURE contains no Chloroform, Tartar Emetic, preparations of Opium, or other Narcotic

For a full line of jewelry, lace goods and notions for the holiday trade at Mattie McCullagh & Co's.

Say friend, where is the best place in the city to get your fire and life insurance, or buy and sell real estate. Go to the office of J. G. Saxe, Smith's block.

—The board of supervisors did not adjourn sine die, but to January 8th, at 2 p. m.

—Cold morning, this—thermometer at zero at six o'clock—the coldest of the season.

—Regular meeting of Rock River Encampment No. 3, I. O. O. F. in Odd Fellows hall this evening.

—There will be a meeting of the Young Men's Christian association at their rooms this evening at half past seven o'clock. A cordial invitation is extended to all.

—The social of the Odd Fellows in their splendid hall last evening, was a very pleasant affair, and was a success in every particular.

—Some thief stole a single harness, lap robe and duster from the barn of Mr. W. W. Wills, of the fourth ward, on Thursday night.

—Mr. Charles Stanton, who has been in the east for the benefit of his health for the past three or four months, returned home yesterday, much improved in health.

—Mr. R. W. King has received the December issue of Frank Leslie's Popular Monthly. The table of contents is as good as ever, and is so thoroughly varied and entertaining as to suit all classes of readers.

—Mr. G. J. Bliss, who is now connected with the land department of the Chicago and Northwestern railroad, in Chicago, was in the city last evening, on a visit to his brother, Mr. H. F. Bliss, of the Gazette.

—Captain A. M. Pratt, of this city, who is now at Geneva Lake, superintending the building of the insane asylum, sends us word that the building is progressing finely, notwithstanding the unfavorable weather.

—Mr. J. G. Monahan, district attorney of Lafayette county, and editor of the Darlington Republican, was in the city to-day on legal business. He is a rising young lawyer and a bright and enterprising editor.

—The Deloit Free Press: "John Hackett, Esq., assignee of the Rock River paper company, has completed the schedules of liabilities and assets of the company and filed the same with the court. By these documents the assets are placed at \$480,000 and the liabilities at \$288,000."

—Mr. Jerry Leubley met with an accident at Monroe, yesterday while coupling cars. His leg was caught by the engine pilot and severely squeezed. He was brought home to this city last evening. He is a brother of Mr. Thomas B. Leubley, of the Northwestern freight office in this city.

—A man, helplessly drunk, was found lying on the sidewalk on North Bluff street at an early hour this morning, and taken into a neighboring hotel, to be cared for. He was nearly frozen, and it was extremely lucky for him that he happened to be picked up before the whisky had a chance to congeal.

—One of those unaccountable blunders that occasionally find their way into the columns of a paper, occurred in our issue of last evening, in the item announcing the sermon by Rev. J. N. Freeman, pastor of Immanuel church, Milwaukee. We owe Mr. Freeman an apology, and if the reverend gentleman will pardon us this time, we will certainly not accuse him of leading an immoral flock again.

—The following, from the Rockford Gazette, will interest many of our citizens, especially the intimate friends of Lieut. Leland, whose parents, Mr. and Mrs. J. A. Leland, reside on Bluff street: "The Rides elect a first lieutenant on Friday evening. Second Lieutenant Alex. Leland will be elected to fill this office, and he will make a very creditable officer. There are several candidates to fill the vacancy occasioned by the promotion of Mr. Leland."

—The first number of the Vindicator, a handsome six column folio weekly newspaper, published at Albany, Green county, has been received, and shows much enterprise on the part of the publishers, Messrs Weaver & McChesney. The paper is well filled with local news in and about Albany, and choice selections of miscellany. The good people of Albany will no doubt properly appreciate the efforts of the publishers in giving them a live local paper, and they in turn will give it their hearty support.

—The board of supervisors, at its recent session, allowed bills amounting to the sum of \$9,774.18. This does not include the per diem of members, nor tax to be charged back to the several cities and towns, which will swell the amount to about \$10,000. To meet this demand, the treasurer has only \$1,500. The board authorized the treasurer to borrow sufficient money from the banks to pay orders, and Mr. Miles, the treasurer, informed us this afternoon that he thought he could get along by borrowing \$4,000, as the tax would begin to come in about the 20th of December, and many of the orders drawn would not be presented for payment before that time.

—Miss Anna Dickinson did not appear at the opera house last night. A report was received that she was taken sick at Elgin and could not fill her engagement. We fear this is not the whole truth regarding the matter. Of late, Miss Dickinson has not been playing to a good business. She has persisted to do poor Hamlet to that extent as, to injure her reputation. The public recognized her as the leading female orator in this country. She is one of the brightest women that ever spoke from the platform in the United States—eloquent, interesting, and convincing—but when she abandoned her legitimate sphere, she met with failure and that has dogged her heels almost constantly since she has been on the stage. She doubtless does Anne Boleyn splendidly, but with a public sentiment against her as an actress, she could never gain the confidence of

the theater-goers. This much can be justly said of Anna Dickinson as an actress.

Another Runaway.

About half past four o'clock last evening a serious accident befell Mr. John Jones, of Emerald Grove. He was at the freight depot of the Chicago and Northwestern railroad, when his horses became frightened at the switch engine, and started for a run down West Milwaukee street. Mr. Jones was thrown from his wagon, receiving serious bruises on the head and body, and was picked up in an insensible condition and taken to the Madison house, where Dr. Palmer was called to attend to his injuries. The runaway horses, after freeing themselves from the wagon, brought up in front of Nash's grocery store, where they struck the horse belonging to Vankirk's delivery wagon, but doing no particular damage. Mr. Jones is resting very easy to-day, and it is hoped he will soon recover from his injuries.

A little incident happened in connection with the above runaway, which is worth mentioning. The little son of Captain Vankirk was sitting in the delivery wagon in front of the express office, and when he observed the team coming down the street, he jumped upon the seat to get a better view. The runaway came, upon him, knocked the horse down, and made a complete circuit of the delivery wagon, the little boy stood there like the boy on the burning deck, unconscious of the danger; when the runaways were secured by coming in contact with a heavy wagon by the side of the boy, he exclaimed in wild joy "Golly, didn't they come for me."

THE COURTS.

CIRCUIT COURT.

A motion for a new trial was yesterday made by the plaintiff's attorneys in the case of Spanocly against the Lanceshire Insurance company, commonly known as the 'cyclone case.' It is not likely that the motion will be argued, the legal principles involved having been so elaborately discussed on the trial. The result is considered quite important, it being really a test case on the question of the liability of an insurance company under a lightning cause in a policy, where the destruction is caused by a tornado accompanied with electrical manifestations. The court in this case charged the jury that the insurance company was liable only for damage caused by lightning, as understood in its plain, ordinary and popular sense, and the jury by their verdict found that as the matter was presented to them by the facts and circumstances in evidence, the plaintiff was not entitled to recover. The case has once been in the supreme court, which reversed the decision of Hon. Alva Stewart, circuit judge of Dane county, who took the case from the jury and non-suited the plaintiff. The supreme court held, two of the judges dissenting, that it was a question of fact for a jury whether the destruction was caused by lightning or wind, and the case was then taken to this county on change of venue. An appeal is again under contemplation by the plaintiff's attorneys, in the event of the motion for a new trial being overruled. The case of Gavin against the Chicago & Northwestern railroad, mentioned in last evening's Gazette, had not been concluded this afternoon.

MUNICIPAL COURT.

Nothing of public interest transpired in the municipal court to-day.

Why we Downcast.

True, you are in a miserable condition—you are weak, pale and nervous. You cannot sleep at night, nor enjoy your waking hours; yet you lose heart at the doctor's prescriptions, and you are weary of the medicine. They will restore you to health and passing on to a new life. Sold by Palmer & Stevens and Sherer & Co.

The Milwaukee Presbytery.

There was a large audience at the Presbyterian church last night to hear the Rev. J. N. Freeman, pastor of Immanuel church of Milwaukee. His sermon was founded on the text, "Their rock is not as our Rock, our enemies themselves being their judges." It was an eloquent and masterly discourse and was listened to with the closest attention by an audience which entirely filled the church. Mr. Freeman is one of the most eloquent pulpits orators in this state.

At the conclusion of the sermon Rev. Dr. Corwin, of Racine, spoke as follows:

"On behalf of the Milwaukee Presbytery, and by their direction, I present the following:—Hearty and thanksgiving the citizens of Janesville and the pastor for their generous hospitality, we turn from the common-place complimentary resolutions to the utterance of those divine and human benedictions which alone can express the fullness of our gratitude and the intensity of our regard. Reverently we invoke the best of heaven's blessings upon the well beloved church and upon this beautiful hillside city.

As long as Rock river rolls its affluence of waters towards the great navigable water ways, turning the busy wheels of your manifold industries, and causing Janesville to hold a conspicuous place among the prosperous cities of the state, may the affluence of God's grace rest upon this and upon all those affiliated churches of Christ, causing them more and more to abound in all spiritual riches and making them ready for every rich work. With these evangelical pulpit so ably manned by preachers who believe the gospel they proclaim; with no shadow of jealousy or of unbalanced sectarian rivalry between these christian churches, who ministers that they are the recipients of a common blessing as they are 'sharers of a common faith and of a common salvation.'"

The Presbytery adjourned at noon to-day having completed the business of the session, which was conducted in accordance with the programme published in Tuesday evening's Gazette.

FREE TRADE.—In DeLand's soda and mineral water should be advocated by every true American citizen, on the principle that that thing is desirable in a Republic that is the greatest good to the greatest number.

Plant food for making flowers bloom at Heimstreet's.

OUR WORTHY PENSIONERS.

The Official List of Rock County.

The Gazette has received from Washington for publication the following list of pensioners who reside in Rock county, and is herewith given:

NAME OF PENSIONER. Cause for pension. Monthly Pension. Dearhammer, Lucy A. widow 1812 8.00

LOCAL MATTERS.

Croft & Whiton's essence of Jamaica

Ginger is the purest and best in the market. 25 and 40 cents a bottle.

Fine tooth brushes cheap at Eldredge's.

If you want the best pair of boots or shoes for the money, go to A. Richardson & Bro.

Musical Notice.—Pupils who desire to join the musical class of Prof. Salmon, of Milwaukee, in piano forte playing, should apply soon. The new term begins Wednesday, November 14th, 21st.

The Professor will be here Wednesday and Thursday of each week. Music rooms over Warren Collins' music store.

For all kinds of furniture, cheap, call at Ashcraft's.

Refrigerators and summer goods at cost, at Green & Rice's.

Here! Here! Here!—Pure sweet eastern prepared husk at 5 cents per pound at R. H. Morris.

Office and fancy inkstands, at Sutherland's.

Croft & Whiton have just received a new brass which is superior to any brass ever invented. People who have failed to find relief from other trusses will do well to try one.

The "smacks" cigars have won for themselves a state reputation, and are unequalled for quality. Ask for them.

Smoke the famous Smack cigar.

And still they come. Another arrival of goods this morning at the second hand store of Sanborn & Canniff, 68 North Main street.

Bosanko's Cough and Lung Syrup warranted. Sample bottle free at Palmer & Stevens' drug store.

Croft & Whiton keep all the patent medicines.

Go to Hemming & Son's for your dancing slippers, ladies', gents' and boys'.

Fresh bulk oysters constantly on hand at Evenson & Parker's.

"Salicylic" for rheumatism, at Practice & Evenson's, opposite postoffice.

Full line of imported and Key West cigars at Palmer & Stevens.

Heimstreet has just 100 of his receipt books left and anyone who has not had one can have same free this week.

For a pair of hand-made grain sea boots warranted to turn water, go to Hemming & Son.

If you want a pair of fine shoes, go to John Monaghan's.

N. K. Brown's Essence ginger at Practice & Evenson's, opposite postoffice.

Opera caramels at Evenson & Parker's.

A fine line of medicated and toilet soaps at Croft & Whiton.

Thomas' Electric Oil, sold and warranted by Practice & Evenson, druggists.

For Rent.—Two first class houses completely furnished with wells, cisterns and other conveniences in premises; also 4 houses unfurnished. Enquire of H. H. Blanchard.
